

Student Development Evaluation Examples

Title:	Colorado Transition Institute 2007 Team Planning Tool for Student Development
Evaluation example:	Planning tool
Context for use:	Transition institute with school-community teams
Protocol for use:	This planning tool focuses on assisting school-community teams to review and plan their strategies for implementing transition-focused education regarding student development. It can be used annually to reflect upon effectiveness of practices, determine strengths and needs, and develop plans; as well as during the year as a formative evaluation tool.

Title:	Job Readiness Workshop
Evaluation example:	Pretest and posttest
Context for use:	One-day workshop for high school students
Protocol for use:	Several key objectives are identified and used to create a pretest for the participants to complete at the beginning of the workshop. Participants use a code name on their test to ensure anonymity. At the conclusion of the day(s), the participants complete a posttest with the same questions as the pretest, using the same code name. The evaluator scores each participant's tests and compares the scores to determine if participants' knowledge of the content changed.

Title: Life Skills, Safety, and Social Skills in Transition Planning

Evaluation example: Overall workshop evaluation

Context for use: One-day workshop for special educators and other service providers

Protocol for use: Participants complete the evaluation at conclusion of the event.

Title:	Life Skills, Safety, and Social Skills in Transition Planning
Evaluation example:	Pretest and posttest
Context for use:	One-day workshop for special educators and other service providers
Protocol for use:	Several key objectives are identified and used to create a pretest for the participants to complete at the beginning of the workshop.
